in the NYC area to apply to:

Data Science in R: Navigating NYC

Free Coding Workshop for High School Girls

Saturday, October 27th, 2018

9:30 am – 3 pm

AT&T Data Science Research Center

33 Thomas Street, New York City

Have you ever wondered how data scientists formulate questions, analyze and visualize data, and draw conclusions? In this workshop for high school girls (grades 11 and 12) interested in STEM, coding, and data analysis, students will be introduced to coding in R through an investigation of NYC transportation data. Participants will receive a certificate of completion at the end of the workshop.

Application Process

High school girls in grades 11 and 12 should apply at forwards.github.io/edu/nyc by *Friday, October 5th (deadline extended)*. Beginner-level coders welcome! Accepted applicants will be notified the week of *October 8th*.

Instructors

Emily Dodwell
Senior Inventive Scientist
AT&T Labs Research

Joyce Robbins, Ph.D.
Lecturer in Discipline, Statistics Department
Columbia University
